I'm sending a straw agenda for the Ten Tribes Partnership Meeting, as a discussion-starter for our GKM call Tuesday. It is modeled on our response to the meeting request. I'll circulated another draft after our call Tuesday.

1. **Introductions** (10 minutes)
2. **Gold King Mine release impact and response** (EPA - 20 minutes)
3. **Potential threats to water quality by mines in the Colorado River Watershed and opportunities for collaboration** (open discussion - 20 minutes)
4. **Wrap up** (10 minutes)

Hi Joan:

Thanks for pulling together the read ahead material list.

I suggest that we use the end of tomorrow's GKM call to discuss since it looks like we usually have almost 30 minutes to spare these days.

I'm going to be out tomorrow at a site visit with Jared (we're doing extensive response work at the location of the valley fire north of Napa valley) but Clancy will be on the line. I've asked him to draft a "plan" for the one hour agenda item for the 10 tribes meeting. He will circulate that draft to all for review and comment on tomorrow's call.

Sorry I will miss it.

Hi all. I've attached the proposed read ahead for the Ten Tribes Partnership meeting next week. Alfreda Mitre will send it along to them. It contains:

1. Administrator's Statement to Senate Indian Affairs, Sept. 16
2. Gold King Mine – Watershed Fact Sheet
3. Woolford Memo re: work at other mining sites, Sept. 4
4. GKM Stakeholders Alert and Notification Plan, Sept. 7
5. Incident Command Transition Plan, Sept. 17
6. Conceptual Monitoring Plan, Sept.
7. Winter Water Treatment Plant announcement, Sept. 23

I suggest we schedule a call for tomorrow or Wednesday to discuss the participants, talking points and plan for the one hour EPA agenda item. Agreed?

Joan
